

FootBath Disinfection Kit

A solution that will help maintain high levels of hygiene in your premises.

- The Personnel Footbath is a foam pad foot bath for disinfection of footwear.
- Combined with Bacter Quat cleaner disinfectant to prevent the spread of disease and infection.
- **Unlike bleach or alcohol, Bacter Quat disinfectant with it's neutral pH will not damage floors.**
- It is fitted with a foam pad insert to reduce the amount of solution required and to reduce spillage.
- An effective and environmentally sustainable alternative to cover shoes

2 week lead time applies to this product.
