SCA price increase as of July 1st 2017

31st March 2017

Dear Kevin Collins

Over recent months we have faced continuous increases in raw material prices, especially in the area of recovered fibres. In addition, energy charges are escalating rapidly, negatively affecting production and transportation costs.

We have been doing our utmost in all our activities to reduce the impact of these factors, however, the rapid development of recovered fibre pricing in particular has made a price increase unavoidable.

With effect from 1st July 2017, we will increase prices across the AfH range by 4.4%. In addition to this the below consumer brands will increase by 6%.

1. Plenty
2. Cushelle
3. Velvet

We will continue to apply current prices to all orders received by Friday 30th June 2017, due for delivery no later than Friday 14th July 2017.

We would like to thank you for your understanding and look forward to our continued business co-operation in the future.

Yours sincerely

A handwritten signature in black ink that reads 'N. Titheridge'.
