Notification of Pricing Review - May 2019

Dear Customer,

We have been notified by many of our manufacturer partners of impending price increases due principally to increased costs of raw materials, energy, and labour.

Whilst we are taking both short- and long-term initiatives to mitigate these increases, we are unable to offset all of them and therefore have no alternative but to review our prices. The pricing review will vary according to product range, details of which are available attached.

This pricing will come into effect on **Monday 13th May, 2019**. For further information please contact your Account Manager.

Please be assured that we are committed to delivering both a sustainable and cost effect supply of product whilst providing you with a wide range of options and alternatives to help bring overall expenditure down in your organisation.

We would like to thank you for your understanding and we would also like to express our sincere gratitude for your continued business with BCSS.

Yours Sincerely,

Jenny Tallon
Commercial Director
