Twisted Mop

Twisted mop in viscose, cellulose and synthetic fibres

Technical information

code	notes	cm	C	pcs	kg	m³
00001730			☐	50	13,85	0,115

SYSTEM

Mop system with clamp to be used with flat or jaw wringer
Ideal to clean residual dirt that requires recurring rinsing of the fibres

Advantages

- **Highly absorbent:** thanks to their higher weight, mops absorb a lot of cleaning solution providing wider floor coverage
- **Longer mop's life:** it does not get moldy or rot avoiding bad smells
- **Effective:** more abrasive than cotton
- **Easy:** easy to use
- **Resistant:** twist yarn grants longer mop durability and reduces fraying and unraveling

Compatibility

Compatible with jaw and flat wringers

Material

Nonwoven fabric (35% polyester, 65% viscose)

Features

It can be used with bleach

Washing conditions

Guidelines for proper fibre maintenance

Follow the washing instructions (temperatures and dosage) on the detergent packaging
Perform a pre-wash in cold water to remove any residual product used during cleaning operations
Do not use fabric softener
It is recommended to use the convenient laundry nets in washing machine in order to preserve the fibres
Recommended use of normal textile detergent
Do not use detergents with Ph> 11

Specific mop instructions

Washing temperature max 30° C

Bleaching only with oxygen, do not use chlorine or bleach

Do not tumble dry or in a dryer
