SYSTEM

Flat mop system with double sided frame, to be used with pre-soaking, soaking on demand with soaking station or with the convenient wringer
Ideal for a professional cleaning with the highest ergonomics

Advantages

- **Ergonomic:** thanks to the diameter of the grips, both central and upper, both designed to reduce operator's strain and avoid pain to the hand
- **Colour coded:** it is possible to code by colour the handles thanks to the plastic caps

Material

Aluminium

Features

Non-slip grip: rubber inserts grant a very good grip and to lean it safely against the wall
